

Walking in Providence: April 2022

WHAT I'M THINKIN' IS, GIVEN THE LIKE, GLOBAL CLIMATE CHANGE APOCALYPSE SITUATION THAT'S CURRENTLY UNFOLDING, THERE'S A NONZERO CHANCE THAT ALL OF DOWNTOWN'S GONNA BE UNDERWATER IN A COUPLE YEARS--

WE'RE PROBABLY OVERDUE FOR A HURRICANE, YEAH.

SO I'M JUST GETTING MY DOOMSDAY FLOOD CONTINGENCY PLANS TOGETHER NOW--

AND I THINK THE IDEAL SPOT TO STAKE OUT A SURVIVAL COMPOUND WOULD BE-- CAN I GET A DRAG OF THAT?

SURE.

THANKS-- WOULD BE DAVE & BUSTER'S. LIKE, YOU HAVE THE HIGH GROUND, IT'S IN A CENTRALIZED LOCATION--

UH, YEAH, IT'S ALSO BUILT ENTIRELY ON LANDFILL. HARD PASS.

YOU'D BE BETTER OFF GOING TO THE EAST SIDE AND TRYING TO COMMANDER THE BROWN DORMS.

EW, DORMS ALWAYS SMELL LIKE RAMEN AND GYM SOCKS.

BESIDES, DAVE & BUSTER'S HAS BOOZE AND SKEE-BALL. JUST SAYIN'.

CONSIDER TORTILLA FLATS: ALSO ON A HILL. ALSO HAS BOOZE. MARGARITAS ARE UNQUESTIONABLY SUPERIOR.

NO SKEE-BALL, THOUGH.

THOSE MARGARITAS ARE REALLY GOOD.

YOU WANNA GO TO TORTILLA FLATS?

I'LL BUY.

I GUESS I CAN'T ARGUE WITH THAT.
