

Changing of the Guard

Since 2015, Shey Rivera has been co-artistic director of AS220 with Shauna Duffy. At the beginning of this year, however, Rivera decided to depart AS220, leaving Duffy to take over a newly created executive director position, backed by a leadership team made up of Anjel Newmann, Ruth Harvey and Marina Balko. We wish Duffy continued success at AS220 and look forward to experiencing and benefitting from the work that comes from this, in Rivera's words, "inspiring and beautiful place."
