

Episode #4 - Leandro (Kufa) Castro

Hello and welcome to Earth, Wind, & Water, *Motif's* leanest and greenest audio production. This week your host Sam Zimmer sits down with Leandro (Kufa) Castro, a musician and spoken word artist who has used his creative platforms to raise awareness of environmental issues in urban communities. Their conversation includes how he got involved with environmental justice, his focus in raising awareness and the PVD Tree Plan.

We would like to take this opportunity to thank our sponsors The Parlour, R1 Indoor Karting, Trinity Beer Garden and Grey Sail Brewing.

[Discover more about the work that Kufa is doing using the links below:](#)
