

Hugh the Robot, #11

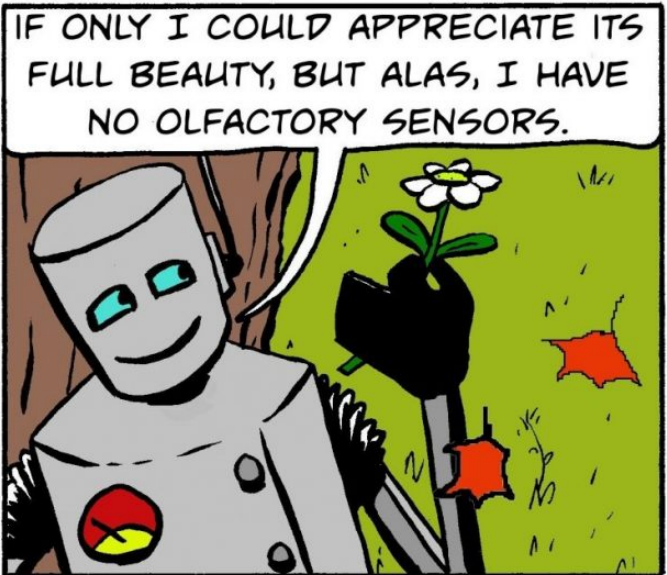

hugh by Wentworth

I CANNOT GET OVER THE
SUBLIME BEAUTY OF THE
NIPPONANTHEMUM NIPPONICUM.
THE EVOLUTIONARY SIGNIFICANCE
ALONE IS BREATHTAKING.

IT NOURISHES OTHER FORMS OF
LIFE WITH ITS SWEET NECTAR.
WHICH PROMOTES POLLINATION
FOR ITSELF.

IF ONLY I COULD APPRECIATE ITS
FULL BEAUTY, BUT ALAS, I HAVE
NO OLFACTORY SENSORS.

OH
WELL.
