

Loki Ragnarok

Rhode Island's Mark Binder was named a finalist for the 2019 Audie Awards for Best Original Work for his audiobook titled *Loki Ragnarok*. This 77-minute audiobook is based on Norse mythology and weaves a tale of Viking Armageddon from the titular character's point of view. Listeners might come away from the experience with a greater understanding of violence and revenge

cycles visible in our world.

Whether Binder will win this Oscar of the audio book world remains to be seen, but we'll be cheering him on when the winners are announced at the March 4 Audie Awards Gala.
